MAKE YOUR MARK

AND MAKE IT LAST.

COLDSPRING®

DELIVERING FOR YOU EVERY STEP OF THE WAY

Recognized as the building industry's trusted resource for natural stone, Coldspring has been the market leader for more than a century. Using proprietary processes and the most advanced technology, our team is a true partner in every stage of the building process. In fact, our approach has become the gold standard and best practice for the industry. As one of the only providers of certified natural stone, Coldspring is committed to being the world's greenest stone company. Our approach to materials and process also extends to superb customer service and communications. No matter the need for natural stone, you can count on your relationship with Coldspring to deliver.

Green practices have been in
our nature from the start.

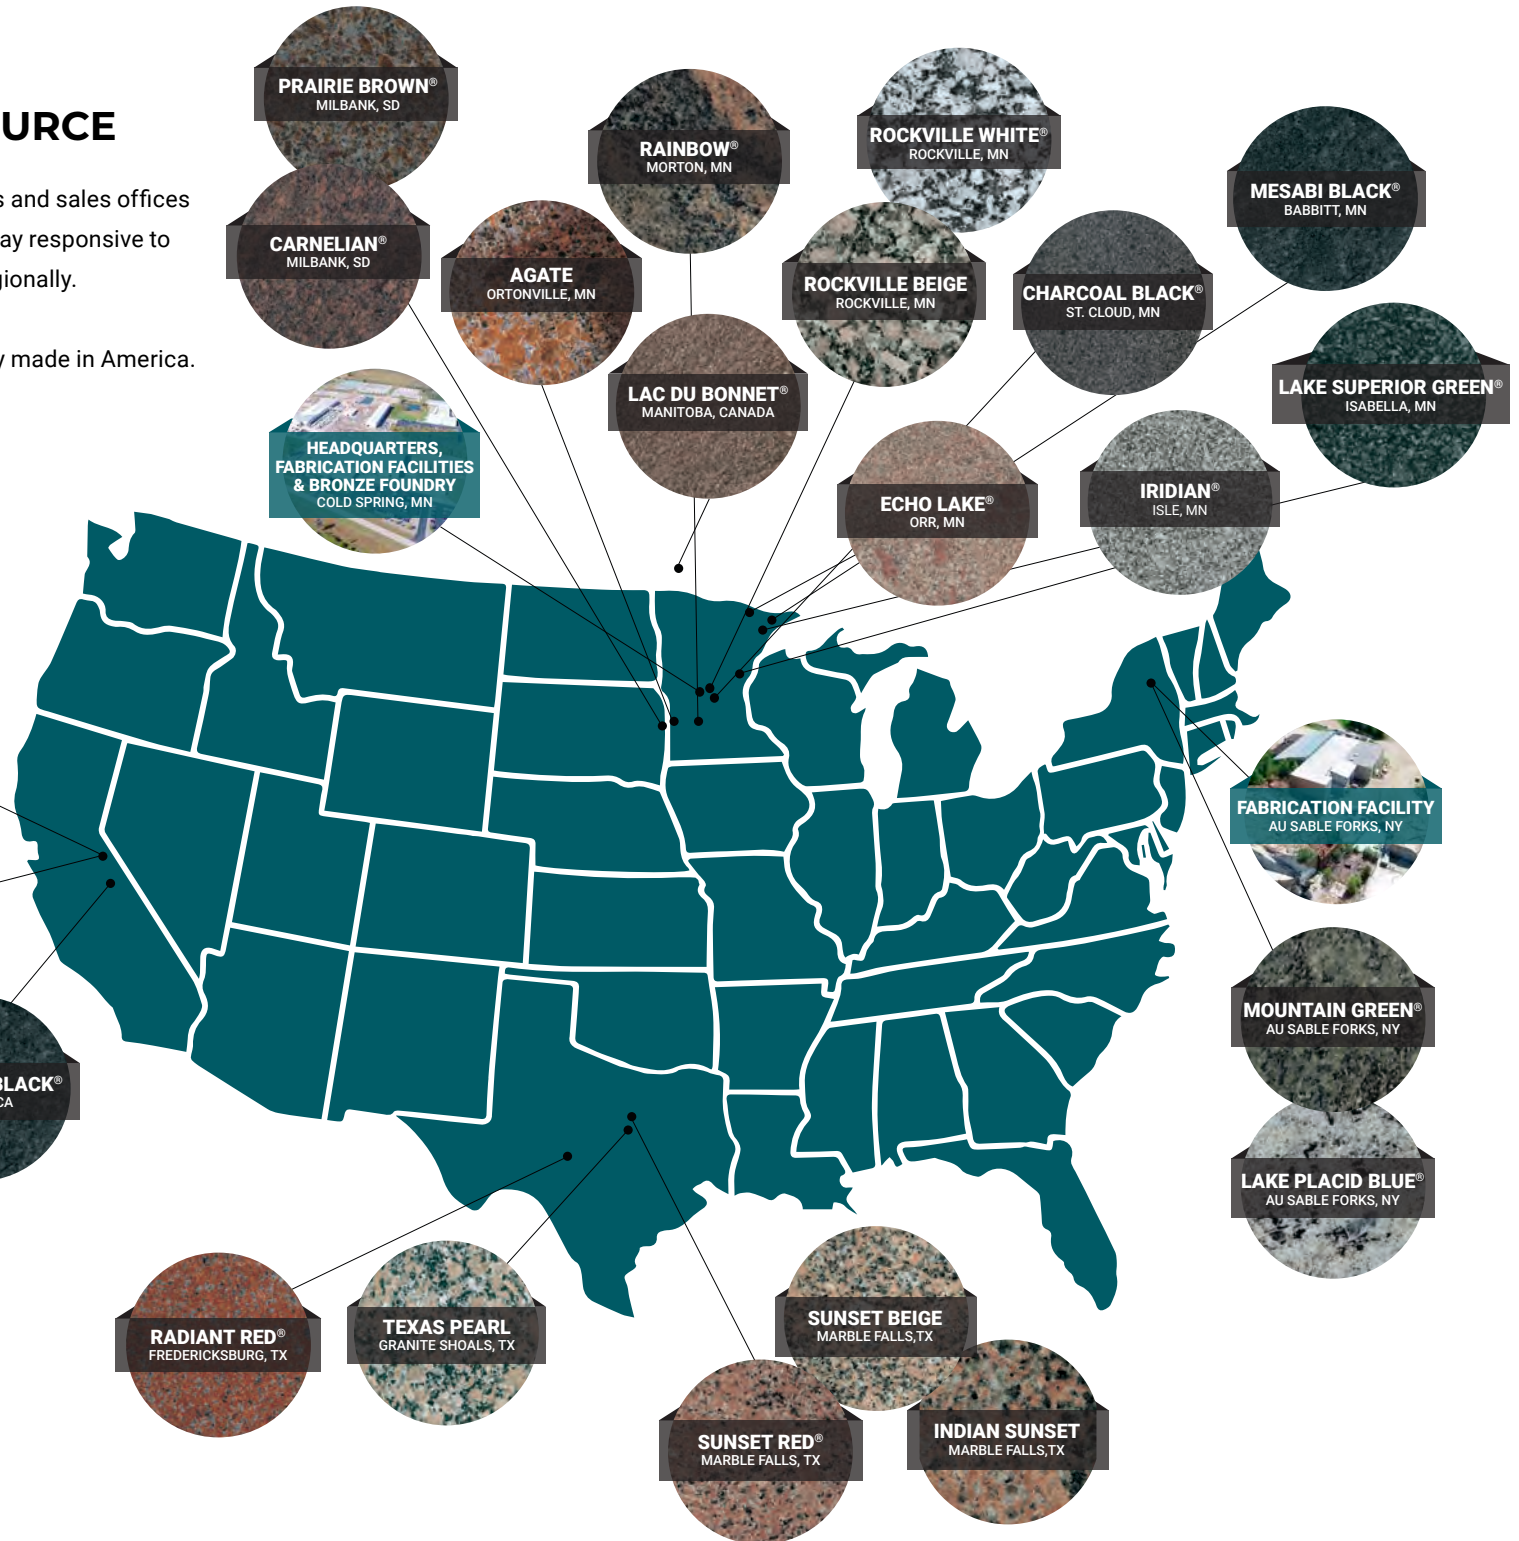

The LEED® certification trademark is owned by the U.S. Green Building Council® and is used with permission.

WE ARE THE SOURCE

We have quarries, plant facilities and sales offices located across the country to stay responsive to your needs and help you buy regionally.

This is one company that is truly made in America.

NATURAL STONE FOR INDOOR & OUTDOOR USE

The endless possibilities offered by our applications give our clients the opportunity to make their mark and leave their legacy, whatever their plans and goals. From hardscape and exterior cladding to impressive interior elements such as staircases and fireplaces, our natural stone materials offer reliability, while our commitment to top-notch customer service ensures a smooth, worry-free experience.

ENDLESS POSSIBILITIES

Inside Coldspring's U.S. based fabrication facilities, you'll see how we deliver the Coldspring promise. From our expert craftsmen who handcut elaborate creations on their canvas of stone, or create finished textures with a chisel and hammer, no detail is too big or too small.

With our advanced manufacturing technologies, we create lasting beauty from nature's finest material. Our 5-axis CNC machines allow us to create designs from stone thought unimaginable years ago while minimizing waste and accelerating production.

FACILITIES

DEDICATED TO YOUR SUCCESS

FIELD & IN-HOUSE SUPPORT

A dedicated team of natural stone experts for your project to ensure responsible, respectful and helpful assistance throughout the process, through sampling, testing and mock-ups.

ESTIMATING

Your estimating team will provide you with thorough, accurate and timely estimates to support your project, minimizing any chance for delays, added costs, or charges.

DESIGN & DRAFTING

Our knowledgeable team collaborates closely with you to comprehend your vision and guarantees precise execution of every aspect of your design before production. They possess expertise in utilizing design files like Rhino, SketchUp, and CAD.

PROJECT MANAGEMENT

A dedicated in-house resource to ensure your project is managed from material procurement, fabrication, through to completion. All while controlling costs, minimizing risk and ensuring success.

WE OFFER RESOURCES FOR ARCHITECTS & SPECIFIERS

We have granite specification guidelines and CAD Details for various applications online in our Resource Library. In addition, Coldspring also offers a vast library of BIM Families. These Families include details for applications such as stone wall facing, anchoring, sill, flooring, countertops and more.

SAVE TIME AND MONEY:

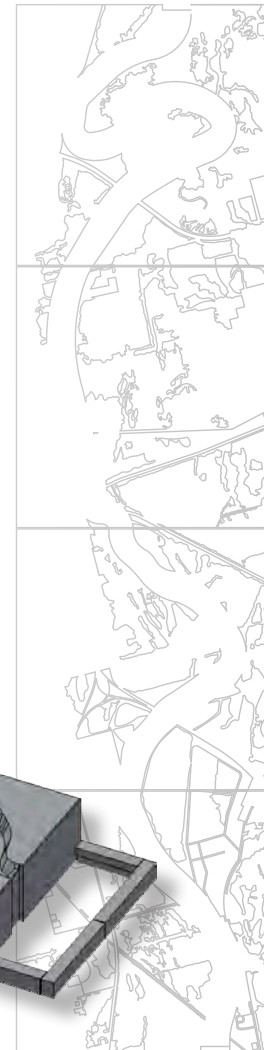

- Improved coordination with engineers and construction professionals
- Access to accurate modeling details from the earliest stages of design
- Reduced change orders during fabrication

Stone is one of the most durable materials you can use for any application. When specified and detailed correctly, our products can last for hundreds of years—resulting in some of the lowest embodied energy of any material. Developing and maintaining a sustainable operation is a Coldspring core value that not only affects how we do business, but also shapes our corporate culture.

EXPRESSIONS THAT ENDURE

Weathering adversity. Building character. Enduring the test of time.
All stone tells a story.

With its beauty and presence, natural stone can convey power, community, tranquility and divine inspiration. No other material is this expressive or versatile. Whether you want to make a bold statement or achieve harmony with natural surroundings, we can help bring your vision to life.
